T. W. Swanwick, Signal Corps.

The Notarial notice is changed to-day.

A new stone sidewalk has been laid in front of the Consolidated Book store.

Rev. J. S. Black will occupy his pulpit at the Presbyterian church to-day both morning and evening.

Services at the Christian church, 315 East Huerfano street, to-day at the usual hours, 10:30 a. m. and 8 p. m.

Mrs. H. T. O'Brien left for Clinton, Mo., on Friday last, where she will visit Mr. and Mrs. Baird and other friends.

A large party of young people took a hayride to Mr. Louis Holt's ranch on Friday night and enjoyed the biggest kind of a time.

The Rev. Dr. Gilbert De La Matyr, of Denver, will preach in the First Methodist church to-day, both morning and evening.

The docket of the civil court will have the largest docket ever known in its history, both criminal and civil. Five new cases were added yesterday.

Several delegations of Knights of Pythias will arrive Monday evening, and an impromptu meeting will be held at Castle hall. All knights, resident or visiting, are invited to be present.

Public worship at the Congregational church, Bijou street, opposite Antlers, at 11 a. m. and 7:30 p. m. The pastor, Rev. James B. Greer, will preach both morning and evening.

A meeting of the board and of all others interested in the Memorial Home, corner North Weber and Columbia streets, will be held at Grace church, to-day, next Monday afternoon at half past 4 o'clock.

A special meeting of the W. C. T. U. will be held at the vestry of the Presbyterian church Tuesday, September 18, at 3 p. m., to elect delegates to the state convention, and to transact such other business. A full attendance is desired.

The superintendent of the Pinkerton Sunday school desires that as many of the scholars of the school as possible should be present at the session this afternoon, as he has some important matter to communicate to them.

The liveliest betting on the result of the coming election that has so far been done in the city was recorded yesterday when a sporting citizen bet five one dollar checks with two other citizens that Cleveland would be his successor.

Monday and Tuesday the Colorado Springs base ball club will again play [illegible] Athletics of the past few days. Every one in the city really believes Colorado Springs to be the best club and a great deal of interest is manifested in the result.

The GAZETTE's employes think they know something about how baseball is played and they stand ready to accept challenges from any nine selected from any trade, profession or business in town. Bet on "Scribs." This is the latest. Let's all carry watch and cabinet they lost, in connection with any examinations of photographs heretofore on the Huerfano street alley. Address all challenges to the GAZETTE nine.

Arrangements have been made to run an excursion train to Denver over the Santa Fe railroad on Sunday, September 23 by the base ball club. On that day the Colorado Springs team will play the Solis nine at River Front park, and as a large number of tickets have already been sold, it will probably be one of the largest excursions of the season. The train will leave Colorado Springs at 10 a. m. and returning will leave Denver at 9:15 that evening. Fare for the round trip will be $2.25.

Buck Brothers' variety show will pitch its tent on the lot opposite the Antlers park to-morrow for one week. Here's what the Omaha Herald says regarding the show: Three thousand people gathered last night at Buck Brothers' great twenty-five cent show and fairly packed the wooden seats with their heavy slaps of laughter and thunders of applause given with a will as only a thoroughly pleased audience can give. A handsome present will be given free to every one on the outside of the canvas before the opening of the evening entertainment.

Miss Jessie V. Bowsand will give a concert this afternoon at the Methodist church on Monday afternoon at four o'clock. Speeches will be made by [illegible] and proposes to work with an eye single in the city. She is a fine entertainment in the Methodist church last Thursday evening and her recitations gave great pleasure to those present. Those who want to be educated [illegible] and those who are to take up seriously the study of elocution should be present at the Methodist church on Monday afternoon.

The managers of the Home of the Friendless desire to thank the friends of the institution who have made donations to the work of the Home since the [illegible] Thursday evening last. Among the donations are [illegible] of every variety, [illegible] for the Home. Those who have not yet made donations will please do so at their earliest convenience. One of the issues of the campaign is to have the supporters of Hill of New York denounce the republican party as the free whisky party.

The Republican national committee has been much encouraged by the result in Maine and Oregon in aggressive fight, in Connecticut and New Jersey. The tide seems to be setting strongly in the east for Harrison and Morton.

Mayor Hewitt says he does not wish a renomination for eight. He might put against a Tammany candidate. He says a Tammany mayor is only a puppet who makes the appointments he is told to. He would run to break up the system.

Patterson post is a friend of the people because other lawyers have had more and better retained fees than he has. He tells such lawyers monopolists. Patterson has had more and greater fees from corporations in the last seven years than any other lawyer. Would it be right, therefore, to call him a friend of corporations?

This morning we put the Hon. Charles E. Noble on our republican county ticket. It was a unanimous nomination. The recent county convention in this city was a unanimity. This is why we say the organization of the Hon. Lee Crandell, Mr. Noble, Capt. [illegible] and others, is a good one. It will be seen that one can start from New York city and follow a water course either to Vancouver, Washington, or to the gulf of California and Mexico. Instead of taking this route all the way one can go to Chicago by lake, thence by canal and the Illinois river to the Mississippi.

Every scheme to dig a ship canal and tunnel the Detroit river has signally failed south of Detroit. Detroit is the most important point of railway invasion of Canada. During the winter season transfers of traffic by boat often require six hours to make a passage of one half a mile. Owing to the vast amount of traffic at this point a syndicate of loan and trust companies [illegible] of New York recently desired and tried to sell the river and reap a harvest of gold. [illegible] reports. My report put an end to the job.

The Detroit river is [illegible] long. At the Michigan Central railway, the water [illegible] 45 feet deep. 100 feet down through the city [illegible] 25 feet high, and [illegible] 80 to 100 feet high, [illegible] for this point, the banks of [illegible] Michigan Central [illegible] [illegible] Detroit [illegible] [illegible] [illegible]
